

Venture Development Intern (m/f/d)

ATAI is a Berlin, New York and Amsterdam based biotech company builder with the ultimate vision to cure mental health disorders. We focus on developing solutions for people that suffer from a real unmet medical need; starting with the 320 million people who suffer from depression. We are particularly interested to revive and leverage the existing research on treatments with prior evidence for efficacy and safety in humans, such as psilocybin and ketamine, to initiate a paradigm shift. We currently have two platform companies that are active in the mental health area: COMPASS Pathways and Perception Neuroscience. In addition, we are passionate to back recent advancement in data sciences to enable people to live healthier and happier lives. To deliver on our vision we follow a decentralized, technology- and data-driven platform approach that provides the required technology, human and financial resources to our autonomous teams that develop incubated or acquired treatments. This approach enables us to bring therapeutics to patients in a more innovative, efficient and effective way.

Opportunity:

- Be a major contributor to the success of a well-positioned, well-financed, early stage biotech company
- Become part of creating a radical new and impactful paradigm shift in drug development and patient care
- Work on improving the lives of millions of people with a real unmet need
- An open, results-driven and meritocratic start-up culture

Responsibilities:

- Directly support the ATAI team in operational and administrative matters
- Support to set up processes and business functions at our subsidiary ventures
- Take-over own projects which add value to our ventures
- Assist the management and investment-team in fundraising and deal-flow processes
- Support in setting up meetings and agreements with external partners
- Facilitate best-practice sharing to ensure that high quality standards are maintained across our subsidiaries
- Produce ad hoc financial, industry, and competitive analyses for ATAI and subsidiary venture management

Qualifications:

- Outstanding Bachelor's degree in Business Administration, Finance, or related field from a top tier university
- Comfortable in fast-paced small company environment with minimal direction and limited structures
- Prior internship experience in venture capital, high-growth startup, consulting and/or investment banking required
- Excellent verbal and written communication skills in German and English
- Highly analytical mindset
- Excellent Project Management and MS Office Skills (especially Excel)
- Strong organizational skills with high attention to detail
- Willingness to go the extra mile and meet tight deadlines
